We loved Darlene and her team. She helped us from the first question to the final signing. I don't know if we could have sold our condo and bought a new house with any other agent. She knew exactly what needed to be done from the beginning. It was such a breath of fresh air to have her in our corner. She is definitely an expert in her profession. She was able to sell our condo and find us a house with contingencies. Thank you Darlene and team. We are so happy and wouldn't have made it here without you.

We bought and also sold a home with Darlene. We could tell from the start that she was extremely knowledgeable about the market and knew what she was doing. Extremely professional and kept us informed every step of the way. She never came off as a sales person; she was a very genuine person to work with. Very positive experience and would highly recommend!

Darlene is nothing short of exceptional! Truly the best in the Greater Boston real estate industry. We worked with her to both buy and sell our home in Holliston over the course of 2.5 years and she made the process SO easy. Her knowledge of the market and her compassion for our family has made her a trusted advisor as well as a friend. I can't recommend her enough!

Darlene is extremely friendly, kind and professional. She is very knowledgeable and knows exactly what she is doing. My husband and I were buying our first home and knew nothing about the process. Darlene made it easy for us. She was always very patient and made sure we understood everything along the way. We will definitely be using her again if/when we buy another home.

Darlene Umina is an absolute miracle worker. Not only did she help me find my dream house after exploring lots of metro west towns/neighborhoods and selling our existing home, but she also helped my mom downsize during my dad's last months of his terminal illness. Additionally, per my recommendation, two of my 'first time homebuyer' colleagues worked with Darlene and couldn't have been happier with their experience. Whatever your buying or selling situation may be she has the experience, passion and drive that will get you what you need.

Darlene is A-M-A-Z-I-N-G! When we were thinking about moving but I couldn't wrap my head around trying to buy and sell simultaneously with three small kids, she eased my fears and

made it all happen! She is available round the clock to answer questions or help book appointments. Very happy in our dream home.

Darlene sold my house in November of 2020. She was able to bring in multiple offers, \$40k above ask- cash with no contingencies while keeping me and my family safe during COVID. We could not have been happier with her services. Also to note that the team of vendors she surrounds herself with from attorneys to mortgage companies really made this transaction as smooth as can be. Highly recommend.

Darlene recently helped us close on our first home. It was a long process and we couldn't be more appreciative. As a couple it took some time to decide where we wanted to live and Darlene was patient and always open to help. She had great ideas and is very knowledgeable in the Industry. Always there to answer a text or email and help us. If you are looking for a Realtor to work with, I definitely recommend Darlene!
